OCTOBER 27, 1962 ST. MICHAEL'S COLLEGE, WINOOSKI, VERMONT VOL. 16 NO. 5

NOVENA STARTS SUNDAY

Pat Bergin, president of the Student Forum, convened an emergency meeting of the Forum last night (Friday) to take action upon a motion to initiate a Pray for Peace Movement. The motion was presented Tuesday at the regular session of the Forum.

Explaining the necessity of such a proposed program, Bergin said: "If we examine the causes not only of the Cuban crisis, but of the danger of the past, we can easily see that the decisions, the forces and the institutions of man are inevitably destined to fall short whenever the authority of God either is neglected or is not given its just place."

He then quoted President Kennedy: "Our goal is not the victory of might but the vindication of right - not peace at the expense of freedom, but both peace and freedom here in this hemisphere and, we hope, around the world. God willing, that goal will be achieved."

Bergin added that "it is only through prayer that we will be able to assure that God will be willing to grant peace and freedom. Able bodies of young men may help overcome the crisis, but it is only through prayer that the war will be finally won."

He then proposed the following program which was worked out by a Forum committee appointed last Tuesday.

On Sunday, October 28, the Forum will initiate a nine-day Novena of Masses. In addition:

1. Each Forum member has been assigned a floor wing. He will make sure that everyone is thoroughly conscious of this program and will wake up any student who desires to attend an early Mass. Daily Masses are at 7, 7:30, 11:30 and 4:30; Sunday Masses at 8, 10, 11:30 and 4:30.

2. A personal letter will be sent to each faculty and administration member asking to join the Forum in the appeal to the students.

3. This program, as sponsored by the St. Michael's Student Forum, is to be communicated to other colleges in the surrounding area with the hope that these colleges will follow the example and institute programs of similar ends.

4. Stimulate the students to attend daily Mass and offer the prayers for world peace after the completion of the Novena.

Wright Orchestra

Military Ball To Feature Dick Wright Orchestra

Starring at the Military Ball Saturday night, Nov. 10, will be the Dick Wright Orchestra.

In a weekend that will also feature Johnny Nash, Dave Astor, the crowning of the queen, a Military Mass, the accent on Saturday will be on dancing.

Saturday afternoon there will be a "Come as You Were Last Summer" Twist Dance in Alliot Hall. Bermuda shorts, sweat shirts, etc., will be the uniform of the day. The "Nite Riders" with Rick Noland will perform.

Dick has 9 men in his orchestra. These 9 men play a total of 20 instruments. These include: 4 saxophones, 3 trombones, 4 flutes, 3 trumpets, french horns, vibes, and 3 rhythm pieces.

A perennial attraction at the Formal Ball is the crowning of the Queen of the Ball. The Queen will be selected from among the dates of the cadets attending the Ball.

Sunday morning, Fr. Dupont, the President of St. Michael's, will celebrate a Military Mass for the cadets and their dates. Immediately following the Mass, there will be a Tea in Alliot Hall. Wives of the Department of Air Science faculty members, assisted by the weekend Queen will serve coffee and sweets to the cadets and their dates.

All events, with the exception of the Formal Ball, Military Mass and Tea, are open to all the students on campus.

On October 30-31 the Arnold Air Society will hold its annual election to choose the Queen for Military Weekend 1962.

This year a new twist has been added. The queen and her escort will be given an expense paid weekend.

The voting for the Queen will be held Tuesday, Oct. 30 and Wednesday, Oct. 31, between 11:30 A.M. and 1:00 P.M. in the Lobby of Alliot Hall.

All members of the Cadet Corps are eligible to vote for the Queen.

Nineteen Seniors To Be In "Who's Who"

Peter, Paul and Mary

Nineteen seniors at St. Michael's College will have their biographies included in the 1962 edition of "Who's Who Among Students In American Colleges And Universities".

The list, representing 10 per cent of the senior class, was announced by the Academic Dean, Fr. Paul A. Morin.

Those selected for the student "Who's Who" honor were nominated by the class and chosen by a joint committee of the Student Forum and the college administration.

The nominees are:

Michael B. Armstrong, 15 Pine St., Winchester, Mass., Delta Epsilon Sigma.

Patrick S. Bergin, 92 Woodlawn Terrace, Waterbury, Conn., Student Forum President.

Paul E. Bonnette, 26 Colonial Square, Burlington, Vt., Delta Epsilon Sigma.

Charles R. Burke, School St., Pittsfield, Me., Delta Epsilon Sigma.

Fredric J. Cerrato, 83 Lakewood Terrace, Bloomfield, N.J., Varsity Basketball.

Joseph M. Curtin, 74 Mayall Road, Waltham, Mass., President Crown & Sword.

James F. Dyer, Jr., 12 Orchard Road, Chatham, N.J., Class Treasurer.

Andrew F. Fay, 11 Bacon Road, Bedford, Mass., Treasurer Student Forum.

Robert H. Hoehl, 831 Queen Anne Road, Teaneck, N.J., Varsity Basketball, Delta Epsilon Sigma.

Joseph A. Hogan, Jr., 1535 Dwight St., Springfield, Mass., Class Secretary.

Arthur M. Kohler, 54 Thornton Road, Waltham, Mass., Grand Knight, Knights of Columbus.

Robert L. McGee, 43 High St., Milford, Mass., Student Forum Representative.

William E. McMahon, 127 Ward St., Fall River, Mass., Cadet Colonel, AFROTC.

Robert A. Minotti, 3 Oakland Circle, Winchester, Mass., Freshman and Sophomore Class President.

Timothy J. Moynihan, 190 Naubuc Ave., East Hartford, Conn., Freshman Honorary Class President.

Bard O'Neill, 22 Parkwood Blvd., Poughkeepsie, N.Y., Delta Epsilon Sigma.

Richard W. Powers, 215 Glenwood Ave., Leonia, N.J., Delta Epsilon Sigma.

Richard Q. Santora, 32-56-83rd St., Jackson Heights, L.I., N.Y., Senior Class President.

Luis A. Villares, 2 Vizcarrondo St., Caguas, Puerto Rico, Editor, The MICHAELMAN.

"Who's Who" is a group of nationally recognized students who have been selected as outstanding on their respective college campuses.

The names placed in nomination have been selected for scholarship and leadership in extra-curricular activities.

Consideration is also based on service to school and prospects of the future promise of the individual.

Glee Club To Present Peter, Paul and Mary

by Jim McMahon

On Wednesday evening, November 7, Burlington's Memorial Auditorium will ring to the exciting sounds of Peter, Paul, and Mary, currently the hottest vocal group in the country.

This trio, which will be presented by the St. Michael's College Glee Club, has recently completed an album titled simply "Peter, Paul, and Mary," which is one of the top selling albums in the country (in fact, Bailey's music store in Burlington has been unable to keep up with the demand for this record.) The group is certainly familiar to all Michaelmen as the singers of "If I had a Hammer" and "Lemon Tree."

In signing Peter, Paul, and Mary, Glee Club president, John Fanelli has engaged a very fast moving group. The story of their rise to popularity is a fascinating one, officially beginning in New York City's Greenwich Village, where the singers were first presented as a trio.

Peter Yarrow, a native of New York City who sings tenor with the trio, graduated from Cornell with a degree in psychology, but his interest in folk ballads determined his career.

Paul Stookey, the trio's baritone, started out in music by playing "country" music on the electric guitar with a high school group in his home-town of Birmingham, Michigan.

THE PRETTY ONE

Mary Travers (without whom the group would be undoubtedly much less attractive) has been singing folk music since her earliest years in school. Their months of hard work have been rewarded by their reception all over America, in such places as Storyville, the Blue Angel, and the hungry "i." They have appeared on the "Today Show" and "P.M. East" on television. On the Cape this summer, they drew 5000 for a concert. Paul says, "Folk music is the simple yet profound way people tell about their lives. I believe we are able, sometimes, to say what they want said." And everywhere, Peter, Paul, and Mary have found audiences eager to hear this beautiful folk music.

The St. Michael's Glee Club - its officers and members - is working hard to make the concert a sell-out event. A successful concert will mean that the Glee Club will be well on its way to realizing an ambitious financial goal, enabling the Club to start to purchase the formal attire necessary for its many concerts in New York, New England, Canada, and here at St. Michael's.

Tickets will be priced at $2.50 and will go on sale soon in the lobby of Alliot Hall. The concert will start at 8:00 P.M. on Nov. 7. It will probably be the same informal type of concert that was such a success last year when the Brothers Four were presented at the auditorium.

Friday (tonight) at 8:00, WSSE will present a panel discussion on the Cuba crisis. Participants will be: Mr. Case, Mr. Olgyay, Col. Jacobs, Mr. Powers, Fr. D'Agostino, Dr. Fairbanks and Dr. Cismaru.

Blockade Stirs Latins

President Kennedy's announcement of the naval blockade against Cuba Monday night has given Latin American students at St. Michael's cause to worry.

We Latin Americans know Kennedy's speech will cause some repercussions in each of our countries. Leftist and Communist-inspired demonstrations will be staged against the United States stand and the particular government of each country for backing the United States in their move to search and sink if necessary, ships of any nation that may be carrying offensive weapons to Cuba.

The Latin American position backing the United States came Tuesday when the Organization of American States ratified the United States resolution with 19 Latin American countries voting in favor of the move and only Uruguay abstained because it had not received instructions from its government.

Latin America is conscious of the imminent threat Cuba's offensive buildup poses not only to the United States, but also to Latin America itself. This recognition was the reason for backing the United States.

But most Latin American countries feel that this move by the United States should have been taken a long time before. Monday's action, although absolutely necessary to safeguard the security of the Western Hemisphere, is posing a serious threat to world peace.

The United States must recognize the fact that the Soviet Union has now committed itself strongly to aid Cuba against the United States and that a withdrawal by Russia is most unlikely. Had the U.S. taken the attitude just announced before Cuba's missile buildup, Latin Americans feel Russia would have not interfered as forcefully as now. An earlier move would have carried strong protests from certain factions, but also it would have gained a lot more respect towards the United States in Latin America.

Maybe it is the U.S. policy to be patient and not to act until all other channels have been exhausted, but the relations with Russia have shown, time and time again, that they are willing to autograph any document and at the same time take steps and action to disregard what they have just agreed to.

It is easier, and faster, to cure an incipient disease than to wait until its full development before acting.

* * * * * * * * * * * * * * * *

Be More Considerate

Another "blockade" announced last week will bring some chaos to the student body at St. Michael's.

A new policy at the Bailey Library went into effect Oct. 22. The policy stated that "Non-UVM students will not, henceforth, be entitled to any general library privileges at the Bailey Library or at any of the University departmental libraries."

Those of us who have used the library appreciate the cooperation provided by the University in the past but regret the new policy.

The library facilities at St. Michael's will never compare with those of the Bailey Library. However, something must be done to provide the student body with the necessary services we were receiving in the other institution.

Including periodicals, the St. Michael's library counts some 53,000 volumes. However, hundreds of books have not yet been catalogued.

An estimated 300 students, counting the day students, use the library daily. With the new policy at Bailey Library, the number of students using the library will increase considerably.

It is discouraging to look for a catalogued book and find that it has been borrowed without checking it out. At the end of the school year, janitors always find more than 100 books abandoned in the students' rooms. How many are never returned is not known.

With the present situation, the students themselves should be more considerate of their fellow schoolmates. The administration, likewise, should enforce a more strict method of checking out books so as to prevent unchecked books from leaving the library and something should be done about keeping the library quieter.

We know that the construction of a new library is one of the future projects in the development plans of St. Michael's and that most of these problems will be non-existent then. But in the meantime, we hope the situation is corrected for the benefit of Michaelmen.

Let's remember that the library is the soul of our college.

Compulsory RO Is Up To SMC Says Col Jacobs

To be compulsory or not to be compulsory, this is the question Michaelmen are asking about Air Force ROTC.

The reason for the question takes the form of newly proposed legislation which would eliminate compulsory ROTC.

The Officer Education Program, as it is called, would change the present plan and replace it with a two year course for selected volunteers. This proposal, backed by Defense Secretary McNamara is gaining more and more backers. It was not presented in the last session of Congress, and when it will be, no one seems to know. McNamara favors an intensified program

Lt. Col. Michael C. Jacobs

during the junior and senior years. Cadets would draw $1100 a year.

How does this effect the boys in blue at St. Mike's?

Lt. Col. Michael C. Jacobs said in a recent interview that, "I foresee no change this year." As for next year, Col. Jacobs could not predict.

Col. Jacobs further stated that the choice for compulsory ROTC was left up to St. Michael's and not to the Air Force.

In discussing the merit of the present program Col. Jacobs defended it, explaining that many students are now receiving necessary training which they would not otherwise get. Topics such as foreign policy and national defense are ones with which the student should have a vital concern and the Air Science Department is trying to awaken this concern.

Col. Jacobs said, "We feel this training is an essential ingredient in the proper development of St. Michael's students."

The question is still unresolved but in the meantime, all signs seem to point to another successful and gratifying year of Air Force training.

Make-up examinations for students who were in session last year and who are legitimately absent from final examinations will be scheduled for the week of November 12.

All students who have authorization slips from the Academic Dean to take make-up examinations this year should make application to the Office of the Registrar before noon, Monday, October 29.

Fee for each make-up exam is $5.00, payable in advance.

Please Note: Everyone who plans to take a make-up must make application. The Academic Dean's authorization "permits" do not automatically put your name on the schedule.

YOU MUST APPLY.

BLOOD DRIVE ON

St. Michael's College students will donate 185 pints of blood when the Red Cross Bloodmobile visits campus Monday, Oct. 29. It will be the first of two drawings this year by the Chittenden County chapter of the Red Cross.

At St. Michael's, the Premedical Society will handle all arrangements. This is the assignment it takes each year for both drawings.

Chairman of the drive is George Reitweisner.

The Faculty Wives Club, headed by Mrs. Henry G. Fairbanks, will assist with registration.

Michaelmen Tutor Invalids

by Kirk R. Weixel

Since 1961, several conscientious Michaelmen have been tutoring children at Mary Fletcher Hospital.

The idea was proposed by Mr. Francis Dermody, Assistant Professor of Education at St. Michael's, at an Education Club meeting last year. The idea caught on immediately, and after investigating the possibilities of such a venture, the students realized how badly their help was needed.

Some 35 students from the St. Michael's chapter of Kappa Phi Kappa, Gamma Alpha, the actual sponsor of the program, are tutoring children from the ages of 8 to 16. One reason why the program has been so successful thus far is that Mary Fletcher Hospital, being a medical center, gets children from as far as 50 miles away.

The parents of these children are often unable to visit the hospital except on weekends, so the children are delighted to see any visitor and therefore give the tutor undivided attention.

Mr. John Midworth, Director of Volunteers at Mary Fletcher, admires the group for the work they have done thus far, but feels that it will take time before they gain recognition as an individual volunteer organization. The tutors plan to accomplish this by devising a schedule whereby each of the 35 volunteers will be given a specific week where they would devote two hours a week at the hospital. It is the ultimate aim of the organization to branch out into the other hospitals in the area, reaching as many children as they can.

The group is also planning to issue letters of introduction which would be distributed by the hospital personnel to any family admitting a child. The letter would explain the workings of the organization and the benefits the child would receive under such tutelage. A letter would also be sent to the child's teacher, asking for books and assignments.

John J. Daly

The coordinators for this organization are Richard Lorenz and John Daly. Daly, who is also President of the Education Club, stated that "the group can use all the help they can get, and anyone interested is more than welcome."

He also stressed the immense personal satisfaction that the tutor receives, plus the fact that he receives valuable experience. "Last year," Mr. Daly said, "The students became so engrossed in the project, that they devoted valuable time during final exams in order to help the children."

Several Michaelmen Get 'Called Up' For Crisis

by Pfc (retired) Paul B. Simmons

Last Monday evening, with portents of military action south of the border filling the air, Dame Rumor ran rampant at St. Michael's, especially among the cadets attached to the college's Air Force ROTC wing.

It all began, so this reporter was told, when one future airman opened his suitcase, spread out his belongings on his bed, wrote a "Goodbye" epistle to his fair lady and informed his roommate that he had been "called up" and had to report to the old Ethan Allen base by 0900 hours Tuesday morning.

The hapless roommate, being not a little dubious, asked for a little more tangible evidence – and got it minutes later when another potential pilot burst into the room waving his "orders" which read, in part; "...to report to the main gate...no later than 0900 hours Tuesday, 23 October, 1962, for assignment to the 1st Commando unit, U.S.A.F.... for embarkation to AFB Nullenvoid, Okinawa . . ."

That the "orders" were datelined "Nullenvoid" didn't seem to impress any of the victims of the hoax: that they were typed on Air Force stationery did, however, and the news spread throughout the campus dormitories within minutes.

By 9 pm, a dozen or more had found similar "orders" in their mailboxes and one had even called his home to inform his parents that he was "going in."

The campus radio station, meanwhile, was playing requests for the "Downcast Boys-in-Blue" and scores of basic cadets were asking whether or not the usual Tuesday afternoon drill would be held without the advanced Corps there to lead their troops.

Not until 11:30 pm was it generally known that the "call up" had been a hoax, so well had the "ins" worn their "poker-faces."

It was only then that the cadet who had called his parents (and subsequently his lady friend) discovered that his "induction" wasn't the "real thing" and only after several frantic phone calls was he able to relay the news to his family.

It was obvious, in retrospect, that the perpetrators of the hoax had no idea of just how far their practical joke would spread. Dame Rumor, the real culprit of the evening, has it that one cadet would like the "ins" to pay his long distance phone bill.

Said one basic cadet, with a gleam in his eye: "It gives one a warm, secure feeling to know he's being led by such a group of ready and willing men. The Boy Scouts with their 'Be Prepared' have nothing on St. Michael's finest!"

Drivers: 'Take It Easy'

Ordinarily I do not like nor do I intend to use your newspaper as a vehicle for discussing the problems of my office. However, a problem exists which is gradually reaching critical proportions and this seems to be the most fitting place to express my views on it.

I am referring to the automobile accidents in which so many Michaelmen have been involved recently. That several deaths have not occurred already this year is, I believe, a tribute to the special providence with which God usually favors young people. But God's providence is a mystery and, therefore, unpredictable.

To my knowledge during the past five years at least six (6) of our students have been killed and a score seriously injured as a result of crashes.

Already during this scholastic year there have been at least six (6) accidents in which life and death has been a matter of inches for several of our students.

To have an automobile is a permission granted to upperclassmen in scholastic and disciplinary good standing. As far as I know, there is only one condition attached to this privilege: the responsible exercise of it, whether on or off campus.

I suppose that this letter may be considered as an appeal to your sense of responsibility and respect for human life. It is also a warning to all those whose irresponsible use of automobiles comes to my attention; for they shall at least lose the above mentioned privilege for the remainder of the year.

I do not wish to sound melodramatic, but, to repeat, this problem is reaching critical proportions. We have been extremely fortunate thus far, but the law of averages is bound to catch up unless the pace is slowed down.

Here, more than any place else, the oft repeated cliche applies: TAKE IT EASY.

Chaplain, Noted Speaker, Gives Talk November 5

On Monday, November 5, Chaplain Colonel William J. Clasby, presently Command Chaplain at Air University, Maxwell Air Force Base, Alabama, will address the members of the student body and interested members of the general public. The talk is in Austin Hall at 8 pm.

Father Clasby is currently engaged in lecturing to various AFROTC detachments at colleges and universities throughout the country. Sponsored by the Chaplain John Verret Squadron of the Arnold Air Society, Father Clasby will speak on a topic of general interest; The subject to be announced.

Described as one of the most dynamic and outstanding public speakers in the Air Force Chaplaincy, Fr. Clasby has addressed many audiences throughout his military service. He has presented a total of 23 talks over the ABC and NBC radio networks on such programs as the "Hour of Faith" and "The Catholic Hour".

A guest speaker at Westminister Cathedral in London, England, he has twice conducted The Annual Retreat at Boys Town in Omaha, Nebraska. A speaker of international note, Father Clasby has traveled both in this country and abroad speaking to both military and civilian groups.

Col. William J. Clasby

In speaking of him, the Tallassee Tribune writes "We would be tempted to wager that you could listen to him for an hour and guess that he had spoken about 15 minutes." Says the President of South Dakota State College, "The thunderous applause that broke loose after he had finished was even greater testimony of the appreciation of the fine message that was given."

Your prayers are requested for the mother of alumnus Pedro Quiros.

Brush Strokes

FROM THE LILLY PAD

By Bob Lilly

A quote from the 1954 Shield: "A '42 Chevy, a big grin and a bigger heart will comprise most of our recollections of 'William Cleveland' .... We never doubted that Cleve would run true to form and come out with the very best." How many who know Doctor Williams today would say that he has changed since then?

* * * * * *

Here is a fact that might interest Drill Team members. Not so long ago, 1956 to be exact, the first Drill Team to enter competition had an auxiliary Angel Flight, consisting of girls from the Jeanne Mance School of Nursing. I'd imagine that the same fact interested the first Championship team to represent St. Michael's.

* * * * * *

Last Friday evening a midnight conference involved a controversy over the dress of students on campus. It seems that one of the students in the controversy had been revolted by the classroom attire of one of his classmates. This student has walked into a Theology class wearing dirty chinos and a sweat-stained T-shirt. I was sort of disgusted myself. If a person doesn't have the self-respect to dress in accordance with his station in life, he should at least dress in a manner that shows respect for a priest. This "gentleman" evidently didn't care about either. In my opinion this same idea applies to clothes worn to any class as well as to Mass and the dining hall.

STUDENT FORUM

by Bill Eagan

This week's meeting of the Student Forum was opened by a short address by the Rev. Geoffrey Keating, S.S.E., the Dean of Men. The subject of this talk was the problem of students and automobiles on the campus.

Fr. Keating emphasized that having an automobile on the campus is a privilege that is granted to those who meet the necessary requirements. The privilege entails quite a bit of responsibility, and this should be realized by all of the students. This year this responsibility has been lacking, he said, as is evident from the number of accidents thus far. Fr. Keating warned that care should be exercised. (His comments in full are carried on Page 3)

SUNDAY MEALS

A report on the possibility of changing the Sunday meal hours was given by Mr. Bob Magee, for the Faculty-Student Executive Committee. Mr. Buchan, business manager for the college, met with the Committee and informed them that any of the three arrangements mentioned last week could be instituted. The Committee recomended that the coffee hour, brunch, and dinner schedule be adopted, since this best fitted the needs and wishes of the student body. During the new business, the Forum approved this plan.

NEW BUSINESS

The report of the President of the United States last Monday night was the force behind a motion to initiate a Prayer for Peace Crusade. Mr. Frank Lytle moved that the Forum take the initiative in asking others to join us in praying for peace. The Forum would notify all dioceses, all colleges, Catholic and others, and all newspapers as to the purposes of the crusade. This very timely and worthy motion was passed unanimously. A committee of volunteers started work immediately.

MILK, LIGHTS, AND VACATION

The remaining items under new business were all referred to the Student Welfare Committee. These included milk machines, late lights, and a change in Christmas vacation.

Mr. Phil Rice introduced a motion to have the Student Welfare Committee examine the possibility of having a milk machine installed in the Joyce Hall Lounge. This motion was finally amended to include all of the dormitories, and was passed.

Investigation by the Student Welfare Committee of later lights in Lyons Hall was the subject of a motion by Mr. Dave Rack. This motion was amended to include Alumni Hall also. The passage of the motion was delayed by Mr. Bob Rinaldi. He moved that discussion be postponed until after Thanksgiving Vacation, because this was infringing upon Senior privileges. Mr. Rinaldi's motion was defeated and the original motion was sent to the committee.

The last motion referred to the Student Welfare Committee was a proposal to change the dates of the Christmas Vacation. This would allow the student body to go home on a Saturday and return on a Monday, rather than leave on a Friday and return on a Friday. Mr. Charles Burke reported that this would ease the transportation problem on the return trip.

All-Star Team Named; Juniors Top Selections

by "Chick" Smith

The annual intramural football team has been selected by The MICHAELMAN Sports Staff, once again and the juniors paced the selection by placing eight men. They were closely followed by the sophomores, who placed five, the seniors four and the freshmen one.

The talented Mickey Moughan was my own pick as the M.V.P. in the league. He demonstrated the poise of a Johnny Unitas and the leadership of a Bobby Lane, in leading the juniors to their second successive title.

SMC Delegates At AIV Meeting

On October 18, Mr. George A. Fortune, Associate Professor of Economics, and senior Robert LaMothe, attended the annual meeting of the Associated Industries of Vermont at Woodstock.

Mr. Marshall Ames, president of the AIV, invited St. Michael's to send two delegates to the convention. The traditional policy of the college has been to send one faculty member and one student, usually a Vermont student in the Economics or Business Administration concentration.

The organization itself is made up of most of the major industrial and business concerns in the state. The purpose of the conference was to discuss and assess the general business trends of the current year.

Don Bank Ties For Sixth Spot

St. Michael's College golfer Don Bank finished tied for sixth place at the ECAC golf finals held Saturday at the Bethpage State Park in Farmingdale, Long Island.

Bank's 80 was 5 strokes more than the lowest score. Rhode Island's Charles Karboshi was medalist with 75. About 55 College students were vieing for individual and team honors. UVM's John Donnelly had a 76, to tie for second.

Army took top team honors with 321. Runner-up was Rhode Island with 322.

Bank, the only St. Michael's representative at the meet, had qualified for the finals October 13 at the district playoffs held at Darmouth. He was tied with Donnelly for second place with a 77.

Students Take Part In U N Day

by Bob Lilly

Tuesday evening, on the eve of UN Day, ten St. Michael's students from other countries took part in a round table discussion at Champlain College in Burlington. These students included members from the regular four year program and some from the specialized English for Foreign Students program.

These students who participated were: Luis Villares, a senior from Puerto Rico, Nicolas Ravelo from Venezuela, a junior, Wenceslaus Kilama, a sophomore from Tanganyika, and a Freshman from Kenya, Philip Thiuri.

Others were: Raul Barrientos, Dominican Republic, Miguel Gazel, Costa Rica; Ronald Marcil, Canada; Antonio Cirurgia, Portugal; Jairo Restrepo, Columbia; and Antonio Kan, Brazil, all Freshmen.

St. Michael's College, except for Georgetown University, has more foreign students than any other Catholic college in the country.

...for a life of pride and purpose

Among the young people being graduated from college in these times, there are some who think and feel—perhaps a little more deeply than the others—about the world we live in, the future we face. They ask, "How can I make my career *really* meaningful? *More* than just personally rewarding?"

And many of today's most successful young people are finding a fulfilling answer to these questions as officers on the Aerospace Team... the United States Air Force. They can tell you that no career could better combine the opportunity for achievement—and the deep inner satisfaction of knowing that they are helping preserve the very future of America.

How can you become an Air Force Officer?

If you are a college senior and not currently enrolled in ROTC, Air Force Officer Training School provides an opportunity to qualify for a wide variety of career fields. The graduate of this three-month course receives a commission as a second lieutenant. As the Air Force continues its technological advance, officers with college training will move into positions of increasing importance.

For full information—including the opportunity to earn graduate degrees at Air Force expense—see the Air Force Selection Team when it visits your college, visit your local Air Force Recruiting Office, or write: Air Force Officer Career Information, Dept. SC210, Box 805, New York 1, New York.

Basketball season may be six weeks away, but the tension that is always here at the Hilltop during the hoop season is already becoming evident as "Doc" Jacobs ran his troops through their initial week of practice. After last year's somewhat disappointing season, the Knights appear eager to make amends.

The Knights are expected to be led by rugged Walt Baumann and speedy Fred Cerrato. The main problem that the team will have to conquer is the ability to get the ball off the backboards, because, as Doc explains it, without the ball you cannot win ball games. Expected to do most of the boardwork is two-year veteran Walt Bauman, who will be looking for Ed Kryger, Richie Tarrant, and Bob Hoehl to give him much needed assistance during the year.

The backcourt will consist of Freddy Cerrato and ? This is one of the big question marks that will be settled in the next few weeks of practice. Sophomores Billy Cummings, Danny Connelly, Brian Quinn, junior Marty King and senior Dick Keelty will all be fighting it out for the other guard berth. One cannot forget dependable Eddy McDonnell, St. Mike's own version of Frank Ramsey, who can play either the guard or forward position and do either well.

The past few years St. Michael's has lacked the heavy scorer and this problem could be solved by sophomore Richie Tarrant. Tarrant along with dependable Walter Baumann could form St. Michael's best set of front court scorers in many a year. Sophomore Ed Kryger and senior Bob Hoehl will be fighting it out for the other front court position.

Every ball game on the schedule is a big one, but from every indication so far Michaelmen want THE CROSS. The tilt between Holy Cross and St. Michael's on December 15th in Worcester looms as the big ball game during the year, with a big win over the Crusaders and a good showing throughout the season, the purple will have accomplished what we all want - "EVANSVILLE."

LET'S GO MICHAELMEN

As mentioned above "EVANSVILLE", site of the small college championships, is our goal and Holy Cross is the big game. Holy Cross is the big game because it represents one of the two major college division foes that we have, the other one being Vermont. It should be pointed out that our schedule is loaded with many tough teams such as the defending small college New England champs, Northeastern, last years Springfield college invitational champs, Assumption, and the defending small college NCAA champions, Mt. St. Mary's, which is participating in the Camp Lejeune tournament against us.

Everyone at St. Michael's wants "EVANSVILLE", but just wanting it will not get it. It is going to take a lot of practice from the members of the team and most of all the team needs us Michaelmen. We represent the backing of the team and it is up to us to do just this. We must begin preparations now, not halfway through the season like our counterparts across the river. Our annual rally will be here in no time and let's make it the biggest one ever witnessed here at the Hilltop.

I know we have the team and coach and with the backing up of every Michaelman at every game we will attain our goal, "EVANSVILLE". So Michaelmen let's start now by securing rides for the opener at Colby on December 1st so that we can all see "Doc" Jacobs and his club open the season on a winning note.

GOALIE: *St. Michael's goalie, Richard Endrelunas, makes one of his 16 saves against Middlebury. St. Michael's won the match 2-1.*

Knights Upset Middlebury; Face Lowell Here Saturday

by "Chick" Smith

A spirited and determined St. Michael's soccer team upset highly favored Middlebury on the Hilltop, Wednesday, by a score of 2-1. This victory gave the Knights a well deserved top rating in New England ranks.

At the opening of the first quarter, it seemed as though Middlebury was going to live up to its high national rating as they scored with only three minutes gone. The score was made by Jeff Baldwin who was assisted by Dave Van Winkle. Even though the Hilltoppers were able to prevent any more scoring in the period, the Panthers controlled the ball effectively.

At the outset of the second period, it seemed dismal for the Knights as Middlebury again displayed a strong offense. But the never-say-die Michaelmen bounced back to chalk up a score at the 13 minute mark.

Bob Tobin passed to Juan Tamayo in the corner. Tamayo relayed to John Higgins who tapped to Jack Davidson for the score. Middlebury again threatened but their rally was stopped as goalie Dick Endrelunas made a spectacular save. The score at the half remained 1-1.

The third quarter was an evenly matched battle as both teams showed aggressive offenses and stable defenses. The Saints threatened when Jack Davidson passed to John Higgins who attempted to goal which failed.

Both teams were determined to break the tie as the fourth quarter started. St. Michael's pressed continuously at the Panther door. The final tally of the game came with seven minutes gones as Humberto Cosenza shot for the goal. A Middlebury defenseman blocked the ball which deflected off his leg and bounced into the goal.

The Knights, however, did not relax as they held the ball impressively for the remainder of the period. The final score was 2-1.

Roger Anton, Charlie Lavezzoli and Mike Cambo, all juniors, who put on a fine defense as both players saw action for nearly the entire game.

With the victory, St. Michael's record now stands at 3 wins, 2 loses and 1-0 in the New England Intercollegiate Soccer League.

Middlebury, now 2-2 for the season, counted with the help of David Van Winkle chosen last year as an All-American and All-New England in 1960 and 1961; Keith Van Winkle, All-New England in 1960 and 61 and Jeffrey Baldwin, All-New England in 1961.

Last year Middlebury trounced St. Michael's 3-0 when the Panthers finished the season with six wins, one loss, and one tie. They placed third in the NCAA College Division.

The next game will be against a strong Lowell Tech team Saturday at 2 in our second league game.

The feelings of the players concerning that game was summed up by Bob Tobin. "We're going to win that baby, too."

Seniors Win Football Game

The seniors closed out the football season and their careers as gridsters by defeating the frosh, 20-0.

The seniors were paced by Richie Powers who intercepted three passes and caught the first touchdown pass. The second senior touchdown came in the third quarter as end Paul Hinsenkamp caught a Bobby McGee pass. The final senior score came on a short run by Bob McGee.

The punchless frosh completed their initial season in the circuit without a win. Climax to the ball game came in the last quarter when blocking back Tom Derosier scored the P.A.T. This represented the only time Tom had scored in his three years of ball while here at the hilltop.

The seniors finished the year in second place with a 3-2-1 and this marked the second successive year that the seniors had finished in the runnerup position to the Class of '64.
